

1/4-Round Trunking 22mm x 22mm

1/4-round 22 x 22mm profile covers expansion gaps between floors and skirting. The 22 x 22mm (W x H) dimensions scale well to blend with popular skirting boards, while providing capacity for cable bending radii around corners.

Traditional floor trim is usually nailed, and requires perfect measuring of lengths before corners can be mitre-cut at 45° angles. By contrast D-Line 1/4-round can simply peel-and-stick to skirting, while the Clip-Over corner-bends save any need for precise measuring and can cover oblique cuts.

Compared to regular floor trim, D-Line features combine to enable approximately 50% quicker installations – and then it's easy to add or remove cables!

- Easy to install, looks great!
- Self-adhesive, simply peel & stick to skirting
- Clip-Over or Smooth-Fit corners eliminate the need to mitre-cut
- A smart alternative to traditional floor trims
- Shock-absorbing hinge effect
- A neat cornice option also (see pic above)
- Fully safety tested and certified to BS EN 50085-1:2005
