# Cable Tidy Clips

Cable Tidy Clips have a low-profile design, being only 15mm width x 8mm depth – giving a smart appearance which can be ideal for tight spaces (and door frames for example).

The self-adhesive clips are produced in UK, using a flexible PVC that makes it easy to add or remove cables.

Users can simply pull back the top cover to insert cables up to 7mm outer diameter, then release the cover to hold the cables.

• Self-adhesive PVC clips

• Keep cables in place

• Neat & low profile design

• Narrow base provides a versatile solution
