

- Easily Covers Irregularly Shaped Set Ups
- Easily Secured With Wire Ties or Hose Clamps
- Protects From Extreme Heat, Open Flame, and Molten Splash

Put Ups

Wall Thickness
2,4mm

High Temp, Silicone Coated Fiberglass Hose Wrap

Fireflex Flat provides the same protection against exposure to extreme heat, open flame, and molten splash as the Fireflex Sleeve, but in a versatile tape.

It is specifically designed to protect components of irregular shape, such as hose splitter assemblies and cable splices. The heavy silicone coating maintains flexibility while resisting all automotive chemicals and solvents, and providing an increased level of abrasion protection.

It is common for Fireflex Flat to be over-wrapped at 50%, providing a double layer of protection. Once installed, it can be easily secured with tie-wraps, wire ties, and hose clamps.

Colors Available:
Red (RD), Silver (SV),
Black (BK)

The versatility of this tape allows for covering almost any irregular shape.

ABRASION FLAMMABILITY

Abrasion Resistance
High

Abrasion Test Machine
Taber 5150

Abrasion Test Wheel
Calibrase H-18

Abrasion Test Load
500g

Rating _____ Non Flammable

CHEMICAL RESISTANCE

1=No Effect 4=More Affected
2=Little Effect 5=Severely Affected
3=Affected
